

# IMPORTANT UPDATE

## Important Update - Submission of Notices of Completion

Section A.1.5.1 of the Class EA requires that proponents submit to the EAAB copies of the “Notice of Completion” for each Schedule B project and the “Notice of Completion of Environmental Study Report” for each Schedule C project. In order to better track the submission of these Notices, ministry staff have created an e-mail address ([MEA.Notices.EAAB@ontario.ca](mailto:MEA.Notices.EAAB@ontario.ca)) with the intention of having all future Notices sent to this location. Proponents should continue to provide copies of Notices to the appropriate Regional EA Coordinators but should be encouraged to send electronic copies only.
